Surf Lifesaving Volunteer Patrol App

Audience: Volunteers and Beach Facility Coordinators

Platform: Microsoft Power Apps

Version: 1.0

Welcome! This app helps volunteers and beach facility coordinators manage patrol shifts, upload certifications, monitor rosters, and respond to emergency coverage alerts from one central platform.

1. Login Screen

When you open the app, the Login Screen will appear.

Fields on the Login Screen

- Email
- Password

Login Options

- Volunteer Login
- Beach Facility Login
- Sign-Up if you are not an existing user

If you already have an account:

1. Enter your email address.
2. Enter your password.
3. Select either:
 - **Volunteer Login**, or
 - **Beach Facility Login**
4. You will automatically be directed to your dashboard.

2. Volunteer Sign Up Page

– If you are a volunteer and do not already have an account:

1. Select **Sign up**
2. On the create account page choose **Create Account as - Volunteer**

– Complete the Following Details

- Email Address
- Password
- Username
- Contact Number

– This takes you to the next page where you select your home beaches and upload certification.

1. You must choose all the beaches that are in your vicinity that you might want to lifeguard at or receive alerts from for an emergency.
2. You must then upload your Surf Life Saving certification.

Accepted file types:

- JPG
- PNG

Upload Steps

1. Select **Upload Certification**
2. Choose your Surf Life Saving certificate from your device.
3. Submit the image.

Buttons

- Next
- Submit

3. Beach Facility Sign Up Page

– If you are registering as a beach facility coordinator:

1. Select **Sign up**
2. On the create account page choose **Create Account as - Beach Facility**

– Complete the Following Details

- Email Address
- Password
- Username
- Contact Number

– This takes you to the next page where you select the name of your beach and its opening and closing times.

Buttons

- Next
- Submit

4. Volunteer Dashboard

– After logging in as a volunteer, you will see the Volunteer Dashboard.

– Features Available

- Choose one of the chosen home beaches to volunteer at
- Browse available patrol shifts (2-hour slots)

5. Booking Confirmation

– After booking a patrol shift, a Booking Confirmation screen will appear.

– Confirmation Details

- Selected Beach
- Patrol Time (Date assumed as today)

6. Volunteer Congratulations Screen

– Once your shift is successfully booked, the app displays a confirmation message.

– Message Example

Volunteering slot booked successfully !

7. Beach Facility Dashboard

– After logging in as a beach facility coordinator, you will access the Beach Facility Dashboard.

– Features Available

- Check roster for the day
- Raise emergency alerts

8. Check Roster

– The roster section allows coordinators to monitor scheduled patrol coverage.

– Information Displayed

- Volunteer names
- Patrol time

Coordinators can quickly identify staffing shortages from this screen.

9. Raise Alert

– If additional patrol coverage is required, coordinators can raise an emergency alert.

– Alert Details Required

- Reason for Alert
- Number of Volunteers Needed

– Steps

1. Open the **Raise Alert** section.
2. Specify the number of volunteers needed.
3. Enter alert details.
4. Select **Raise Alert**.

The system will immediately notify nearby volunteers.

10. Volunteer Alert Response

– When an alert is raised, volunteers receive a notification.

Alert Screen Displays

- Beach requiring assistance
- Emergency details
- Number Of Volunteers

– Volunteer Options

- Accept
- Decline

11. Frequently Asked Questions

Why can't I book a shift?

Your certification may still be pending review, expired, or rejected.

What happens after I accept an alert?

The beach facility receives your response instantly and adds you to the emergency coverage roster.

I uploaded the wrong certificate. What should I do?

Upload the correct document again from the Certification Upload section.

I selected the wrong beach or timing.

Cancel the booking immediately and rebook the correct shift.
